

Our next Club meeting is Thursday 27/9/12

September Meeting

This month we will see one of our own club members, Cicely Kentish-Sawyer, do a demonstration on Caribbean Savouries. This is something different from our other demonstrations, so this should be an interesting one to see.

July Meeting

At the last meeting we saw Sylvia Kidby do a demonstration on Auilegia and Lisianthus flowers.

Garden Party

The garden party was A bit of a wash-out, but 17 members had an enjoyable evening inside chatting to one another, which they can't do on club nights. The food was lovely and a chance to try out something new. A good time was had by all.

Cottenham- There be a list available for you to indicate; A) whether you can offer to drive and take (paying) passengers or B) would like a lift.

Anne will sort this out after the meeting and will be in touch.

Christmas Cakes

As usual there will be 3 classes Novice; Intermediate; and Advance. The cake can either be for charity or take it home with you. The Women's

Refuge and The Salvation Army are really appreciative of any donations we give them.

Website

Don't forget the website is up and running and Christine would still like to receive photo's of any work you have produced.

Sales Table

If you wish to sell anything you longer need or use, then bring to the club to sell. It does not have to be anything to do with sugarcraft, as long as it's in good condition or newly new. 10% of sales go to the club.

Show and Tell

The show and tell table is going to be moved to the other side of the hall, near to the library/sales table, which will make more accessible to get to. Don't forget to keep bringing in your photo's so other members can see your work.

Hints And Tips

If anyone has any hints& tips or recipes you would like to share with the club, then please see Lorraine so she can put them in the newsletter.

Members List

Please keep us informed of any changes of your contact details so we can keep our list up to date. Thank you.

We would like to offer our congratulations to Marilyn Bell on becoming a grand mother.
